LEG BROKEN AT SWIM MEET?

By Mary Fran Williams

"How did you break your leg swimming?" was the response I'd get when I explained to friends why I was wearing a cast. So I would quickly add that it happened on the deck, not in the pool! People seem to know that swimming is not a contact sport and can't understand how anyone could emerge from a swim meet with an injury of any kind, certainly not a broken leg! So then I would tell them my story, which most of them thought was quite incredible.

I had just finished a relay at the State Meet and was hurrying to retrieve my deck shoes at the blocks, didn't notice the valley in the deck filled with water, skidded and landed hard on my right leg. As I fell, straining to keep my balance, I felt painful "pop" where the calf-bone meets the ankle bone. I thought: "This is really bad, but I'm not going to let it stop me from swimming!!" I knew our team (South Oakland Seals) was leading by a small margin, and I didn't want to be known as the one who caused us to lose the meet. On the other hand, if there were anything I could do to help make the difference between winning and losing, I would do it for the team.

Several people rushed to help me and my teammates brought, ice, Advil and Tylenol in a hurry. Someone said that they would scratch me from my next event, the 400 free, and then I got mad and told them I could swim! After keeping my leg elevated and iced for about 20 minutes, I managed to swim the 400 with an in water start. By that time that ice had numbed the injured area and the Tylenol (Extra Strength -- thanks to Lois Nochman) had taken effect. I knew there would be less pressure in the water than on land, and was very careful to do over-water turns and kick gently with that leg. It wasn't my best time, but I finished!

That night, my roommates, Edith Glusac and Lois Nochman, literally waited on me "hand and foot"-- brought me dinner, medications, ice -- and even something special from Edie's "Little Old Lady" bottle which she keeps in her suitcase--! So I "felt no pain" all night and was well-rested for the next day's events. Thanks to my wonderful teammates, who wouldn't let my foot touch the floor, the ground or the deck (Carol Rhudy even got a wheelchair to transport me from the locker room to the car!), I was able to make it through the rest of the meet--swam three events and a relay on Sunday, ending with the 800 Free!! And SOS won the meet -- also the Women's Division by only 1 point -- and for my part the team gave me the Women's Division plaque. They said we would have lost the meet and the Women's Division

Competitor Names All-Stars

By Lois Kivi Nochman

In the 1995 United States Masters Swimming announcement of the inaugural group of Long Distance All Stars, sponsored by Competitor Swim Products, were four Michigan Masters members: Don Kroeger, Lois Kivi Nochman, Eric Nordlund and Fredericka Rapp. These intrepid and determined swimmers won according to a point system based in results in twelve distance events --- all 1500m/1650y or longer.

Don Kroeger (50-54) placed first in the 5K Postal, second in the 3K & 10K Postal, ninth in the 2-Mile cable swim and tenth in the

GIVE IT A BREAK!!!

By Fitness Chair - Jennifer Parks

Last week, actually the day before I was thinking of swimming a 10k, I was reading an article in Women's Sports and Fitness magazine, that suggested that rest IS (or should be) an integral part of everyone's fitness/exercise/training program. I was feeling somewhat tired, mentally and physically, after the National meet, but I felt I just hadn't quite finished my long course/open water/summer season. I read through the article and chuckled. It was telling me something that I spent a lot of my life telling other people- that rest is good, occasionally! (Some athletes who swam for me may also chuckle, for various reasons.) Anyway, then my calendar suggested that on Aug.31, I should evaluate any addictions (I thought, ..."Is a 10k addictive behavior?). I did swim, improved by 10 minutes my time of 2 yrs. AND 10 yrs. ago-about 6secs./100-lane lines help, wasn't real tired, and I actually felt better this week than last. But both weeks, I have slept better than I have in months. I'm back in the pool, but just cruising. I've taken a day off or two and feel just dandy. The moral of the story, is that rest is good. Don't ignore it when you're tired, exhausted, too busy, too stressed. Remember, when you do interval training, rest is important to your improvement. Come back to swimming bright eyed and bushy tailed, after a little R.& R. & R. Rest, recovery, and renewal. Hope to see you in beautiful Harbor Springs.

The key word to success in sports is confidence!

without my points, and they didn't think many people would have stayed after breaking a leg. (Actually we thought it was just sprained until Monday when an X-ray showed that the fibula was vertically fractured in two places, just above the ankle.) I was absolutely thrilled that my teammates appreciated my efforts enough to honor me with the plaque, but I could never have finished without their help. The was the epitome of team effort, and I think they all deserved it! However, I gratefully accepted the trophy, because it's not too often that the person who can make the difference is not the fastest one on the team, but the one who endured the most for the team. To me, this is what makes Masters competition so rewarding: belonging, being responsible and sacrificing for the sake of your teammates.

It is now just two months later and, thanks to Aqua Therapy under Carol Rhudy's care in her class at O.C.C., I am totally recovered. After only 3 weeks, I was up to the same pace in workouts as before the accident and now I am actually doing the 100 Free faster than before it happened! I learned water-walking/running. and this helped to improve my stroke as I had to pull harder to get anywhere. Also because when you're in the water you only weigh 10% of your normal weight, there is less pressure on the injured area, so that you are able to flex the joints/muscles without pain. And this movement hastens the healing process, so you win both ways. So, although water brought me down in the first place, it was water's healing effect that really hastened my recovery!

1500m freestyle. Lois Kivi Nochman (70-74) placed first in both the 3K & 10K Postals, second in the 1650 Free, third in the One-Hour swim and fifth in the 1500m freestyle. Eric Nordlund (30-34) placed first in the 5K Postal and the 2-mile cable, second in the 3K postal and fourth in the 1500m free. Fredericka Rapp (50-54) placed first in the 3K Postal and 2-Mile Cable, second in the 5 & 10K Postal, fifth in the One-hour swim, eighth in the 1650 free and ninth in the 1500m swim.

I also received a USMS notification that I had placed as a USMS Finals All-Star for having the most first place times in the 1995 Top Ten for short course yards, and meters as well as long course. Skip told me that this was the first time a Michigan woman had made All Stars.

MASTERS BRAVE EXTREME COLD

By Ken Danhof

Dateline: July 20, 1996 Grand Haven, MI..... 18 fools risk mind altering cold in open water swim.

The dawn was brilliant, the seas were calm, the dead fish were gone, and the water was clear. Maybe too clear. I guess that should have been a clue. In just one night the Lake Michigan temp. had dropped from 66 to 48 degrees!! On the pier of the Grand Haven Channel some 70+ swimmers of all ages gathered for the start of the second annual 1.75 mile swim in Lake Michigan from Grand Haven to North Shore Park. The registration was up from 40+ the year before. However when the gun sounded only 18 swimmers stayed in the water and actually competed. As wet suits were allowed most took full advantage (I wore two), but 3 brave (?) swimmers in just their Speeds and goggles. The United States Coast Guard and a large contingent of volunteers in their kayaks and jetskis had to think we were crazy. I was quite chilly in my 2 wetsuits but really felt the cold on my face. In fact at the finish where we were to call out our number I could not talk coherently because my jaw was nearly frozen. Another problem was goggle fog due to the big temperature differential of the water compared to skin. Fellow competitor and Michigan Masters swimmer Mark Schoeder had similar problems including a nasty case of rubber burn from his wetsuit. He could not feel the rub in the extremely cold water. After finishing we both got in my van and ran the heater for a long time. The local paramedics took at least 6 more swimmers in their van to warm up. For the second year in a row the event was won by Michigan Masters swimmer David Shepherd. His time was an incredible 37:46!! Winning other male age groups were Daniel Condell (no wet-

USMS LC NATIONALS SETS RECORD

Two years of planning culminated in the 1996 USMS Long Course National Swimming Championships. I am thrilled to report that we set the record for entries for LC nationals with 1176 swimmers from across the country and including 3 foreign countries. Peru, Mexico and Great Britain were all represented!. During the four day meet 45 national records were set, 33 world records and 4 world records.

I would like to take this space to thank the many Michigan swimmers and their families who stepped forward and volunteered their time to help us make this event a success. We know that without your help and the swim clubs who timed and did hospitality for the workers and our outstanding crew of officials, we would have been up a creek!! I would love to name all of those who helped, I will however, refrain from doing so for fear of leaving someone out as I know there are people who put in time that I am only NOW hearing about!! Thank you one and all!! I am pleased to say that we have had compliments from a nation of swimmers for not only the facility but also for how helpful and cheerful everyone was. Michigan Masters you deserve a pat on the back you did your state proud!!

Bill and I would like to apologize to those of you who in the last 2 weeks before the meet called to volunteer. We were so caught up in all the many tasks that we did not get many of you called back!!! Your effort to volunteer was GREATLY appreciated!! Please know that your efforts to help were appreciated!!

For those of you who have not heard... Michigan Masters won all three divisions, Men's Women's and combined!

suit) age 16-25, Paul Creson, 26-40 and John Calcutt age 41 and over. Women competitors were Megan Dobler age 19 overall women's winner. Kerry Jones (no wetsuit) age 16-25, Carolyn Calcutt age 26-40 and Jane Earl female age 41+. Other participants included Michael Homan, Bill Stahlhut, John McAcree, Doug Uzelac, Jim Kuhlman, Robert Glassburn, John Nash and Bob Wilson.. If you know any of these people congratulate them and ask them how they felt!

The Grand Haven YMCA does a nice job with is event and is hoping it will continue to grow. Under consideration for next year is a minimum temp. of 60 degrees. I say that this is for wimps!!! Get two wetsuits and give it a try!

(The editor does NOT endorse Ken's enthusiasm for dangerously cold water temperatures.)

PARTICIPATE IN THE POSTAL PENTATHLON

Here are the results of last year's Postal Pentathlon (this year's form follows with the meet announcements).

Wally Dobler passed on the following statistics and results and he invites you to join in the fun! He would love to see Michigan take #1 in participation.

In Last year's 7th annual Postal Pentathlon there were 203 swimmers. New York had 22 entrants, California - 17, Ohio - 13 and Michigan 10 (6 female and 4 male), by Wally's count! Michigan swimmers placed as follows (in no particular order): Edith Glusac (75+) 4th/Sprint, Lois Nochman (70+) 1st/3 races-3 records, Frederica Rapp (50+) 2nd/Ironman distance, Bonny Moyer (45+) 11 Sprint, Karen Pearson (40+) 5th/sprint, Leslie Blackburn (25+) 3rd/sprint, Jae Birch (65+) 3rd/Ironman, Wally Dobler (60+) 1st/Sprint - new record), Don Kroeger (50+) 1st/Sprint, Jay Ryno (45+) 2nd/Middle distance.

Don't forget to find the entry here in the newsletter and let's put Michigan on the map like we did with the Long Nationals in terms of participation!

Events: Three "slates" of events will be offered. The **pentathlon slates** - the **Sprint** will include the 50y fly, 50y back, 50y breast, 50 free and 100y IM and the **Middle distance** includes 100 fly, 100y back, 100y breast, 100y free and 200 IM. The **freestyle crescendo** will include the 200y free, 100y free, 50y free and 500y free. Although you may enter a mixture of pentathlon and crescendo events (maximum of 5 events), you are strongly encouraged to choose either the pentathlon or crescendo and enter all of the events in that slate. All events will be seeded slow-to-fast.

OPTIONAL: New kick board relay - 4 people - prizes - "Get a Team"

Scoring: Pentathlon and crescendo winners will be determined by adding the times achieved in the relevant events (5-second penalty for each disqualification). Michigan Masters ribbons will be awarded to the 1st, 2nd and 3rd place overall winners in each age/gender group.

Meet Director: Wally Dobler (517) 372-8096

Eligibility: Swimmers must be registered with USMS, with either a 1996 or 1997 card. Michigan swimmers may complete the registration process at the meet (\$25).

Entries: Enter by mail before Friday, Nov 29. We need your entries prior to the meet so that we can enter names into the computer in preparation for scoring the pentathlons & crescendo. Deck entries cost extra! Deck entries will NOT be accepted after 9:00am on December 8th!!
